

CHILD CARE & EARLY LEARNING HELP OUR STATE THRIVE

LOUISIANA

Access to high quality early childhood education (ECE) boosts the well-being of children and helps parents get and keep a job. It's time for policymakers to build the supply and quality of child care and early learning by investing in early childhood education and educators working in centers, schools, and homes.

Our State's Early Childhood Educators Need Support and Compensation

19,800 Number of educators working with children birth through 5 ⁽¹⁾

\$20,717
Est. Annual Salary

\$9.96
Child Care Workers
Hourly Rate

43%*
PERCENTAGE OF EDUCATORS
THAT RELY ON PUBLIC BENEFITS
TO MAKE ENDS MEET ⁽²⁾

42%

percentage of educators indicating they are more
burned out than they were in previous year ⁽⁵⁾

Scholarships to support early childhood educators
in accessing professional development, and
earning credentials and degrees ⁽⁶⁾

“Our annual cost for insurance went from \$25,000 per year to over \$40,000. We are a non-profit. Our families pay rates based on income. We just finished using the last of the grant funding. I don't know where we are going to have to go from here! We were able to increase salaries and hire teachers with a higher starting pay but now how are we going to sustain it?”

- Director/Administrator

Federal Investments Support Access to Child Care and Early Learning and Increase the Well-Being of Children, Families, and Educators in Our State
