

CHILD CARE & EARLY LEARNING HELP OUR STATE THRIVE

WYOMING

Access to high quality early childhood education (ECE) boosts the well-being of children and helps parents get and keep a job. It's time for policymakers to build the supply and quality of child care and early learning by investing in early childhood education and educators working in centers, schools, and homes.

Our State's Families Need Quality, Affordable Child Care and Early Learning

37,426

Number of children birth through 5 ⁽¹⁾

10%

Average percentage of family income spent on child care ⁽³⁾
